

Cracked Marbles: Life's Lessons for a Maine Surgeon, 2008, Tom Palmer, 0964601885, 9780964601888, Tiffin Press of Maine, 2008

In twenty-two, delightfully well-written vignettes Dr. Palmer captures the varied voices and lives of many of Maine's people. From the scraggy Downeast Coast to the isolated inland North Woods, the fictitious Dr. Harry Byrd's, a general surgeon, interacts with his patients in their time of need and beyond and connects with his rural physician colleagues. The doctor is touched by their lives and stories. With humor, candor, and subtle emotion the author gives the reader a moment of medical nostalgia that perhaps some would call the Golden Age of medical care. However, young doctors and other caregivers can learn much from Dr. Harry Byrd's encounters and bedside manner. Today we must strive to save the art of medicine, while employing the newest technologies.
